Proposed Apartments with Care

Land off Manor Drive, Kempston

ADLINGTON

Independent living with care

About Adlington

Adlington is an award-winning developer specialising in providing outstanding new apartments with 24 hour on-site support available if required.

Tailored Care

Following a personalised assessment, individually tailored care can be arranged for homeowners, as much, or as little, as required.

Access to round-the-clock assistance from a dedicated team of specialists is available offering a wide range of flexible support, whenever it might be needed. This personal approach to care ensures just the right amount is delivered to maintain independence and quality of life and caters for short term illnesses, or long term conditions, as necessary.

All apartments are fitted with a 24-hour emergency call system linked directly to the on-site team. In the event of an unexpected trip or fall help would be immediately to hand. This sophisticated call system not only covers each apartment but the entire building and gardens, for added peace of mind.

A significant number of retired doctors have chosen an Adlington apartment for their own future, illustrating the high regard in which our extra care concept is held by health professionals. In fact at one of our developments, of the 51 apartments we had 13 doctors living there.

Adlington consider all correspondence received and our response to the issues raised will be set out in a Statement of Community Involvement (SCI). As part of a planning application, Adlington submit to the Local Planning Authority a complete copy of all correspondence received (including any details such as your name, address and email where you have provided them). This ensures all your comments are available to the Council during the consideration of an application and shows who we have consulted. As the SCI forms part of the formal application documents, the Council may publish it online, subject to their own Data Protection policies. Should the application be the subject of an appeal, the same information will be forwarded to the Planning Inspectorate. If further consultation is carried out as part of the planning process, Adlington may use your details to make you aware of this and to ask for your views, but will not use this information for any other purpose.
